## Features

The newest member of the Ergorap™ Series features a high back and webbed seat as well as standard features such as a fully ergonomic mechanism. The seat has been designed give exceptional comfort and support and reduces pressure to the thigh muscles and tailbone areas. As with all ErgoRAP™ chairs this chair also features independent ergonomic adjustments to all moveable parts and has a tension adjustable rocking mechanism. All chairs can be fitted with glides for fixed floor position, standard castors and brake castors for hard floors.

Also featured is an adjustable height headrest with removable cushion and adjustable fully upholstered arms.

NEW !

60mm Castors, superior movement, strong, sturdy and stylish. This castor allows easier movement on carpeted surfaces and over mat edges.

**Place of Manufacture** Glenorchy – Tasmania

## Warranty

All ErgoRAP™ Chairs are covered by our 5 Year Warranty. This includes all manufacturers warranties.

1. Webbed Seat– Exclusive to ErgoRAP™ . This extra thick webbed seat allows the user greater comfort for long term seating and reduces pressure on the thigh and tailbone areas.

2. Fully independent adjustments

– All ErgoRAP™ Chairs feature independent adjustments. This means no shared functions on levers. This allows greater control over adjustments made to the chair and allows the user to customize the settings to a greater degree.

- a. Seat adjustment is by the left hand lever action allowing forward tilt of the seat cushion.
- b. Back angle adjustment is by the right rear lever action allowing forward and back tilt.
- c. The seat height is adjusted by the forward right hand lever action allowing raise and lowering of the seat cushion.
- d. Lumbar position is adjustable by lifting the backrest on it's ratchet system.

3. Cushioning – All ErgoRAP™ Chairs feature Dunlop Enduro Foam.

4. Mechanisms components - All ErgoRAP™ Chairs use AFRDI components rated 6.

5. Fabrics – ErgoRAP™ recommends Warwick, Laine's and Instyle fabrics .

6. Options – This chair is available with upholstered adjustable arms, headrest and polished aluminium base and castors, (See ER100—125 Executive Series)
